A selection committee will review all proposals. Through this process, the City will determine which proposals are acceptable or unacceptable. The City will notify, in writing, the Offerors whose proposals are deemed to be unacceptable. Those Offerors offering proposals deemed to be acceptable by the City will be evaluated and scored by the selection committee. This scoring will determine which Offerors are considered to be in the competitive range and may be the basis for an award decision without further steps.

If the selection committee elects not to award based upon evaluation scoring, it may engage in a forced elimination process. To inform this process, it may require oral presentations or interviews with the Offerors considered to be in the competitive range. If oral presentations or interviews are conducted, they may also be scored, or they may simply be considered as information supporting the forced elimination process. The selection committee may request revisions to the proposal from each of the Offerors at the conclusion of the interviews. The intent of the forced elimination process is to reach consensus. The decision will be based on all relevant factors, and based upon perception of best value. The final decision may or may not exactly reflect scoring ranking.

The City also reserves the right to request best and final offers from all Offerors at any point in the proposal evaluation process.

3.4 AWARD OF CONTRACT

It is anticipated that there will be negotiations or discussions with Offerors. However, the City reserves the right to award without negotiations or discussions. The City also reserves the right to award a contract not necessarily or merely to the Offeror with the most advantageous price. The City intends to award to the Offeror that demonstrates the best value to the City and the most

substantiated ability to fulfill the requirements contained in this Request for Proposal. A contract prepared by the City will be finalized and/or negotiated with the successful Offeror. In the event a contract cannot be negotiated with the top ranked Offeror, the City may enter into negotiations with the second highest ranked Offeror, or the City may decide to call for new proposals. Within 10 days of execution of this Contract, City shall have the right to object in writing to employment on the Project of any such key person, consultant or assignment of principal responsibility, in which case Contractor will employ alternate personnel for such function or reassign such responsibility to another to whom City has no reasonable objection. Thereafter, Contractor shall not assign or reassign Project work to any person to whom City has reasonable objection.

The key personnel listed in Appendix ____ - "Identification of Personnel, Subcontractors and Task Responsibility" will be the individuals used in the performance of the work unless objected to by the City as provided in the immediately preceding paragraph. If any of the listed key personnel leave employment or are otherwise not utilized in the performance of the work, approval to substitute must be obtained by the Contractor from the City's delegated Project Manager. The schedule shall provide for performance of the work in a timely manner so as to not delay City's time table for achievement of interim tasks and final completion of Project work, provided however, the Contractor will not be responsible for delays beyond its control.
- N. Before undertaking any work which Contractor considers beyond or in addition to the scope of work and services which Contractor has contractually agreed to perform under the terms of this Contract, Contractor shall advise City in writing (i) that Contractor considers the work beyond the scope of this Contract, (ii) the reasons the Contractor believes the out of scope or additional work should be performed, and (iii) a reasonable estimate of the cost of such work. When lowest responsive and responsible bids or proposals for the construction contract are received that exceed the estimated price, the Contractor shall perform such redesign and other services as are necessary to permit contract award within the funding limitation. These additional services shall be performed at no increase in the price of this Contract. However, the Contractor shall not be required to perform such additional services without additional compensation if the unfavorable bids or proposals are the result of conditions beyond its reasonable control i.e. City/PPRTA directed scope changes, unknown design problems are encountered, or a volatile construction market at the time of bid as compared to the construction market at the date this Contract is executed.

2. The Contractor must promptly advise the Project Manager if it finds that the structure being designed will exceed or is likely to exceed the funding limitations and it is unable to design the structure within the funding limitation.
 3. The estimated construction contract price for the Parking Garage described in this Contract is \$TBD (plus 10%).
- P. The City's review, approval of, acceptance of, or payment for the services required under this Contract shall not be construed to operate as a waiver of any rights under this Contract or of any cause of action arising out of the performance of this Contract, and the Contractor shall be and remain liable to the City/PPRTA for any and all damages to the City/PPRTA caused by the Contractor's negligent performance of any of the services furnished under this Contract.
- Q. The rights and remedies of the City/PPRTA provided for under this Contract are in addition to any other rights and remedies provided by law.

- S. The Contractor shall be obligated to provide services as an expert witness in connection with any public hearings or legal "proceedings" for a period of five (5) years following the completion of the Project. The Contractor shall be reimbursed for such service unless the basic issue of such hearing or "proceeding" concerns sufficiency of the Contractor services as outlined in this Contract. The Contractor hereby agrees to relieve the City/PPRTA from all claims and liability due to the Contractor's negligence.
- T. The design of architectural, structural, mechanical, electrical, civil, or other engineering features of the work to be performed under this Contract shall be accomplished or reviewed and approved by architects or engineers registered in the state of Colorado to practice in the professional field involved.

When defects in work or services cannot be corrected by re-performance, the City may (1) require the Contractor to take necessary action to ensure that future performance conforms to Contract requirements and (2) reduce the Contract price to reflect the reduced value of the work or services performed.

- C. If the Contractor fails to promptly perform the defective work or services again or to take the necessary action to ensure future performance is in conformity with Contract requirements, the City may (1) by Contract or otherwise, perform the services and charge to the Contractor any cost incurred by the City that is directly related to the performance of such work or service or (2) terminate the Contract for breach of contract.

7. SUBCONTRACTORS, ASSOCIATES, AND OTHER CONTRACTORS

- A. Any subcontractor, outside associates, or other contractors used by the Contractor in connection with Contractor's work under this Contract shall be limited to individuals or firms that are specifically identified by the Contractor in the Contractor's proposal and agreed to by the City. The Contractor shall obtain the City's Project Manager's written consent before making any substitution of these subcontractors, associates, or other contractors.
- B. The Contractor shall include a flow down clause in all of its subcontracts, agreements with outside associates, and agreements with other contractors. The flow down clause shall cause all of the terms and conditions of this Contract, including all of the applicable parts of the Contract Documents, to be incorporated into all subcontracts, agreements with outside associates, and agreements with other contractors. The flow down clause shall provide clearly that there is no privity of contract between the City and the Contractor's subcontractors, outside associates, and other contractors.

8. START AND CONTINUANCE OF WORK

It is further agreed that the Contractor will start work promptly and continue to work diligently until this Contract is completed.

The following provisions shall apply to this Contract and shall take precedence and control in the event of conflict with any other provisions of the Contract:

9. APPROPRIATION OF FUNDS

This Contract is expressly made subject to the limitations of the Colorado Constitution and Section 7-60 of the Charter of the City of Colorado Springs. Nothing herein shall constitute, nor be deemed to constitute, the creation of a debt or multi-year fiscal obligation or an obligation of future appropriations by the City Council of Colorado Springs, contrary to Article X, § 20, Colo. Const., or any other constitutional, statutory, or charter debt limitation. Notwithstanding any other provision of this Contract, with respect to any financial obligation of the City which may arise under this Agreement in any fiscal year after the year of execution, in the event the budget or other means of appropriation for any such year fails to provide funds in sufficient amounts to discharge such obligation, such failure (i) shall act to

terminate this Contract at such time as the then-existing and available appropriations are depleted, and (ii) neither such failure nor termination shall constitute a default or breach of this Contract, including any sub-agreement, attachment, schedule, or exhibit thereto, by the City. As used herein, the term “appropriation” shall mean and include the due adoption of an appropriation ordinance and budget and the approval of a Budget Detail Report (Resource Allocations) which contains an allocation of sufficient funds for the performance of fiscal obligations arising under this Contract.

10. CHANGES

The Contractor and the City agree and acknowledge as a part of this Contract that no change order or other form or order or directive may be issued by the City which requires additional compensable work to be performed, which work causes the aggregate amount payable under the Contract to exceed the amount appropriated for this Contract as listed above, unless the Contractor has been given a written assurance by the City that lawful appropriations to cover the costs of the additional work have been made or unless such work is covered under a remedy-granting provision of this Contract. The Contractor and the City further agree and acknowledge as a part of this Contract that no change order or other form or order or directive which requires additional compensable work to be performed under this Contract shall be issued by the City unless funds are available to pay such additional costs, and, regardless of any remedy-granting provision included within this Contract, the Contractor shall not be entitled to any additional compensation for any change which increases or decreases the Contract completion date, or for any additional compensable work performed under this Contract, and expressly waives any rights to additional compensation, whether by law or equity, unless, prior to commencing the additional work, the Contractor was given a written change order describing the change in Contract completion date or the additional compensable work to be performed, and setting forth the amount of compensation to be paid, which change order was signed by the authorized City representative. The amount of compensation to be paid, if any, shall be deemed to cover any and all additional general, extended overhead, direct, indirect or other cost or expense or profit of the Contractor whatsoever. It is the Contractor's sole responsibility to know, determine, and ascertain the authority of the City representative signing any change order under this Contract.

No change to this Contract shall be valid unless duly approved and issued in writing by the City of Colorado Springs Procurement Services Division. The City shall not be liable for any costs incurred by the Contractor resulting from work performed for changes not issued in writing by the City of Colorado Springs Procurement Services Division.

11. ASSIGNMENT

No assignment or transfer by the Contractor of this Contract or any part thereof or of the funds to be received thereunder by the Contractor will be recognized unless

such assignment has had the prior written approval of the City/PPRTA and the surety has been given due notice of such assignment. Such written approval by the City shall not relieve the Contractor of the obligations under the terms of this Contract. In addition to the usual recitals in assignment contracts, the following language must be included in the assignment:

It is agreed that the funds to be paid to the assignee under this assignment are subject to a prior lien for services rendered or materials supplied for the performance of the work called for in said contract in favor of all persons, firms, or corporations rendering such services or supplying such materials.

The Parties agree that the place of performance for this Contract is deemed to be in the City of Colorado Springs, El Paso County, State of Colorado. The Contractor shall ensure that the Contractor and the Contractor's employees, agents, officers and subcontractors are familiar with, and comply with, applicable Federal, State, and Local laws and regulations as now written or hereafter amended.

13. WORKERS' COMPENSATION INSURANCE

14. INDEMNIFICATION

The Consultant shall indemnify and hold harmless the City/PPRTA, its enterprise(s), associated and/or affiliated entities, successors, or assigns, its elected officials, officers, employees, agents, and volunteers from and against all liabilities, claims, actions, damages, losses, and expenses, including without limitation reasonable attorneys' fees and costs, arising out of or resulting in any way from the performance of professional services for the City/PPRTA under this Contract and caused by any willful or negligent error, omission, or act of or a failure to observe any applicable standard of care by the Consultant or any person employed by it or anyone for whose acts the Consultant is legally liable. The Consultant hereby irrevocably waives and excuses City/PPRTA and its attorneys from compliance with any requirement to obtain a certificate of review as a condition precedent to

commencement of an action, including any such requirements set forth in Section 13-20-602, C.R.S. or similar statute. In consideration of the award of this Contract, to the extent damages are covered by insurance, the Consultant agrees to waive all rights of subrogation against the City/PPRTA, its subsidiary, parent, associated and/or affiliated entities, successors, or assigns, its elected officials, trustees, employees, agents, and volunteers for losses arising from the work performed by the Consultant for the City/PPRTA.

In the performance of the Contractor's obligations under this Contract, it is understood, acknowledged and agreed between the parties that the Contractor is at all times acting and performing as an independent contractor, and the City shall neither have nor exercise any control or direction over the manner and means by which the Contractor performs the Contractor's obligations under this Contract, except as otherwise stated within the Contract terms. The City shall not provide any direction to the Contractor on the work necessary to complete the project. Contractor understands that it is an independent contractor responsible for knowing how to perform all work or tasks necessary to complete project. The Contractor understands and agrees that the Contractor and the Contractor's employees, agents, servants, or other personnel are not City employees. The Contractor shall be solely responsible for payment of salaries, wages, payroll taxes, unemployment benefits or any other form of compensation or benefit to the Contractor or any of the Contractor's employees, agents, servants or other personnel performing services or work under this Contract, whether it is of a direct or indirect nature. Further in that regard, it is expressly understood and agreed that for such purposes neither the Contractor nor the Contractor's employees, agents, servants or other personnel shall be entitled to any City payroll, insurance, unemployment, worker's compensation, retirement or any other benefits whatsoever.

16. APPLICABLE LAW AND LICENSES

The City of Colorado Springs is requesting proposals for complete design and construction management services on 30th Street between Fontanero Street and Garden of the Gods Road. The anticipated construction limits for this project will be from Fontanero St. to Mesa Rd. Project Deliverables will need to consider functionality and aesthetics for this scenic route that serves as a gateway to a historic and highly utilized park (Garden of the Gods). The ultimate design will further develop new roadway geometry that addresses functionality, slope stability, drainage, wider shoulders and aesthetics.

“Phase 1: Preliminary Design”

Engineering Design Services will be needed to develop preliminary plans for this project. The goals for Preliminary Design deliverables will be:

1. Identify design phasing, design costs, and construction costs.
2. Develop and evaluate roadway geometry alternatives.
3. Identify a preferred alternative that will improve the roadway structure, drainage concerns, traffic flow, and non-motorized mobility.
4. Develop a preliminary Environmental Assessment that can progress to any future NEPA requirements for a project of this size.
5. Side street safety improvements.
6. Public communication process and outreach.
7. Establish ultimate Right-of-Way, easement or setback needs for the project.
8. Preliminary Slope Stability Investigation, and development of preliminary design solutions

“Phase 2: Final Design”

Phase 2: Final Design consists of addressing environmental issues, if any, and bringing plans to final completion and a “construction ready” status.

“Phase 3: Construction Services:”

The City may choose the design consultant for subsequent tasks such as Project Management, Project Coordination and Construction Management.
